

You are There

I am here.
You are there.
I don't wanna be anywhere.
But with you.
I need you.

You're my tower.
You're my peace.
You're my hope.
When I'm feeling weak.
You hold me. You know me.

I was broken. Lost in the darkness.
I heard you calling out my name - wo oh
You will guide me.
Your voice lives inside me
I'll never be the same again.
