

Light Up For Leeds

(Verse)

This our city
What will be...your legacy?
Find your passion
Live with vision
Grow your dreams

Walk with courage
Free your mind
Create your life
Lift your spirit
There's no limits
Come alive

(Chorus)

Light up for Leeds!
The world will see us shining
We stand united
And we are rising
Light up for Leeds!

Light Up For Leeds

(Verse 2)

Build resilience
Stand up tall
'cos you belong
Be inspired
Reaching higher
Growing strong

Make a difference
Spark a change... inside your heart
We're becoming
And transforming
Who we are....

(Chorus)

Light up for Leeds!
The world will see us shining
We stand united
And we are rising
Light up for Leeds!

Light Up For Leeds

Are you listening?
(Yea yea - it goes like this!)
Young people in the city
Are rising up
With confidence
With hope and vision
Together, we make a difference

Imagine it - (HEY!)
Start living it - (HEY!)
Make progress, stay focused
And give it your best

Go innovate - (come on!)
Regenerate - (come on!)
Be happy and grow your life...right here!

(Bridge)

And the world will see us rise
(Lighting up for Leeds, lighting up for Leeds)

See our city come alive
(Lighting up for Leeds, lighting up for Leeds)

Will you dare to realise?
(Lighting up for Leeds, lighting up for Leeds)

All the dreams...in your mind....

Light Up For Leeds

(Chorus)

**Light up for Leeds!
The world will see us shining
We stand united
And we are rising
Light up for Leeds!**
