ClassDynamix

Who are Class Dynamix?

Class Dynamix empower young people to grow their character and mindset to thrive in life and to DREAM BIG - no matter their starting point.

Created by Danny Gough in 2014, it is a journey that has grown from afterschool clubs, to sports stadiums, world-class arena's, Sainsbury's Christmas adverts and to working with Simon Cowell on the international stage of Britain's Got Talent.

Our unique brand of positive original music, inspiring anthem films and motivational material has taken us from inner city Leeds to global recognition - including our recent work with school districts in America.
